

MANIFEST OF LIGHT

WE PROCLAIM THIS A CITY OF LIGHT

Those of us present here, in Harmony with the Life of our MOTHER EARTH and Her Humanity,
by means of this Manifest of Light, do call forth all Sensitive Beings
of Good Will, with the intention of dreaming and constructing in Love
the Foundation and Pillars in order to manifest the Cities of Light.

Recuperating the Wisdom of the Ancestral Pacts of Light, with the essential purpose
of uniting in consciousness, we evoke the true feelings of Life
in order to elevate the internal potential of all Living Beings.

In this blessed city ... the Seed of the New Order flowers in luminescent webs
of the daily actions of infinite Groups and Beings to generate
the Natural Alliance of GUARDIANS of Mother Earth.

Inspired by the Source of Divine Light, we manifest the Dream of Cities of Light.

A City of Light is born and evolves by means of the Spiritual growth of all her inhabitants,
their Surrender and FaithUniting Men and Women of Good Will,
a City of Light exalts the fullest expression that elevates Humanity
to a state of Superior Consciousness within the governance of
the Supreme Truth.

By means of this Manifest, as GUARDIANS of Mother Earth, we commit to :
